## Awesome First Integration

17.06.2022

Contract Number: 897-565471

Dear Mr. Vimes,

This is some random text put here to make this example correspondence nicer. Originally I used a Lorem Ipsum text but that led to funny results with our language detection which decided that it was for some reason an Italian document.

So now I replaced the Lorem Ipsum text with some real text so that the language detection properly predicts this as English. The only downside is that I had to spend time in writing this up...

Pizza	Price	Yumminess
Margherita	7.00	5
Prosciutto e funghi	8.00	6
Carbonara	8.50	10

I hope your first integration goes well, and since we humans are a curious bunch feel free to play around more with our API and come up with some cool features/processes utilizing our Platform.

“Some humans would do anything to see if it was possible to do it. If you put a large switch in some cave somewhere, with a sign on it saying ‘End-of-the-World Switch. PLEASE DO NOT TOUCH’, the paint wouldn’t even have time to dry.” Terry Pratchett
